INTERVIEW QUESTIONS:

- Q1** – Mandy, your book title is *Why Men Are Like Dogs ... and How We Can Love Them*. What do you mean? Why ARE men like DOGS?
- Q2** – In your book, you frequently make the correlation between man's best friend (dog) and man's behavior when it comes to how men interact with women. (1) Can you give me an example of what you mean by this? (2) Knowing what inspired you to write the book, whom do you go to when you need help on women issues? Do you have a mentor?
- Q3** – Throughout the book, you also say that women may need to tweak their behavior too. In fact, in every chapter, you provide "Classy Lady Lesson." (1) First of all, will you define "Classy Lady" for us? (2) Why should women consider living a "Classy Lady" lifestyle?
- Q4** – You say it's women's fault for the way men behave today (like "wild dogs"). Explain what you mean by **women may be at fault**?
- Q5** – Women have been in a constant state of evolution throughout time. (1) Do you think the feminist movement has hurt or helped women? (2) Where do you think women stand today? In your opinion, are men and women finally on an equal playing field?
- Q6** – It was interesting to read in your book that as women we tend to overlook the harm to our hearts. (1) For example, explain to us how "casual sex" (outside of marriage or a committed relationship) is so harmful to a woman's heart? (2) What are the benefits to women waiting until they are in a committed relationship to have sex?
- Q7** – Is your book for young women (in their teenage years) as well? (1) Have you talked to teens about your book? How was it received? (2) Can I assume that this book is recommended for men as well?

- Q8** – Do you think that ALL men are "wild dogs" and can you give us an example of one?
- Q9** – Can a "wild dog" change his ways and become a "fun, lovable dog?"
- Q10** – What hope is there for women who are tired of dating "wild dogs" today? What's the first thing they should do?
- Q11** – Mandy, please give our listeners on some tips to help them find their dream date or dream relationship?
- Q12** – What other things are you doing to get your message out to women?
