Why Men Are Like Dogs (Book Description/One-Sheet)

LADIES, are men REALLY like dogs? Personally, I love dogs and I love men. They are both protective, loyal and lovable. The **PROBLEM** today is we have too many "wild dogs" running around (not acting like gentleman), and hurting the hearts and souls of women. Why? Brace yourself, because of the way we (as women) are behaving. Yep, we can't escape this one. Read on!
